Roll Call: Aye: Barrett, Peltier, Flood, Rider, Hennen
Nay: None

IV. Discussion, consideration and possible acceptance of Proposed Comp Plan

A. Discussion, consideration and possible acceptance of Proposed Comp Plan

Discussion:

Rebecca Blaine Planning Director gave a brief summary on what the Transportation Comp Plan covered. Jack Barrett asked what kind of time is Rebecca expecting for approval of the Comp Plan, Rebecca said that she expects that it will go into next fiscal year probably July 2019. Rebecca also said that she is hoping by the next meeting or following Traffic Commission meeting that the Traffic Commission Commissioners would be able to make a recommendation for approval. Michael asked that asked if the Commissioners wanted to take time to look the comp plan over and make notes on their recommendations for next meeting. Rex Hennen asked Rebecca to explain page 116 #2 Apply a context sensitive design approach to street design. Rebecca explained that basically it would be looking at every street individually, that you would not treat a neighborhood street the same as you would treat a heavily traveled street. Rex then asked who would make that decision, Rebecca stated that it would be the Engineering Department. Rex Hennen asked who was the biggest contributor to the information in this

portion of the comp plan, Rebecca stated that she came on to work at the City of Shawnee in February and was not sure. Rebecca asked Travis Flood if he knew, Travis stated that there was sub committees. Michael asked how would the Commissioners like to proceed, would you all like to mark up a set and get it back to us or mark them up and present them at the next meeting verbally. The Traffic Commission said that they would like to present them at the next meeting.

V. ADMINISTRATIVE REPORTS

Michael Ludi gave a brief summary in regards to the approval of the 35 Mph speed limit change on Kickapoo Ave to Westech Rd. by the City Commission.
