V. **CONSIDERATION OF REQUEST**

- A. Consideration of request by Staff, to lower the speed limit to 35Mph on Kickapoo Ave. from MacArthur to Westech Rd.

Discussion:

Michael Ludi stated that there is a need for the speed to be lowered due to the fact that 45Mph in such a heavily congested area is unnecessary. At night when there is less traffic with people coming in and out of the retail and restaurant's in that corridor the 45Mph is fast for that area. There is a lot more retail development going in along that stretch of road and the volume of traffic is only going to increase.

Motion was made by **Flood**, seconded by **Rider** to **approve** the request to lower the speed limit to 35Mph on Kickapoo Ave. from MacArthur to Westech Rd.

Motion **carried**
