MEMORANDUM

Re: Authorize Staff to Solicit Sealed Bids for a New Water Pump.

Nature of the Request: Staff is respectfully requesting authorization from the City Commission to solicit sealed bids for the purchase of a new diesel powered 6 inch trailer mounted water pump. If approved bids will be opened at the December 5th, 2016 City Commission meeting.

Staff Analysis, Considerations: The Utility Department does not currently own a 6'' water pump for the water department. Staff has to rent one multiple times a year to repair water main breaks. If approved by the City Commission this pump will reduce the time it takes to repair a large water main leak. This pump will reduce the health/safety hazards of repairing a water leak. The Utility department does have two 3 inch hydraulic pumps that are used during water main leaks, but are inadequate in most circumstances.

Recommendation: Staff respectfully request that the City Commission approve the request.

Budget Consideration:
Budgeted Amount: \$70,000
